PROJECT .: TRANSITIONING TO NATIONAL ENERGY SECURITY: BARTICA AS A MODEL GREEN TOWN

RADIO PSA #2: PROMOTING BASELINE SURVEY AND TRANSPORT ENERGY AUDIT

Residents of Bartica please be informed that a team from THE CONSULTANCY AGENCY will be conducting a HOUSEHOLD SOCIO-ECONOMIC AND ENERGY USE BASELINE SURVEY on (DATE & TIME) at (VENUE).

This survey forms part of the TRANSITIONING TO NATIONAL ENERGY SECURITY: BARTICA AS A MODEL GREEN TOWN project's goal of gathering data on energy use in Bartica. This data will be used to inform evidence based decision making for the future implementation of projects and programs in the township. It is important that you cooperate with the interviewers on the ground and ensure that the information provided is as factual as possible. Bartican this is another chance for you to participate and contribute to the improvement of your town and your wellbeing more so, the data gathered will also serve in helping the country become a green state by providing a blueprint that other towns and counties can replicate.

Please note also, on the (DATE, TIME & VENUE) a TRANSPORT ENERGY AUDIT will be conducted by representatives of the INSTITUTE OF ENVIRONMENT AND DEVELOPMENT (IDAD). [Important to get the dates from the consultancy firms](#)

All individuals involved in conducting surveys will be wearing badges by which they can be identified.
